As a part of the Faculty Exchange Programme organized by Gargaon College, Assam, Mr Karuna Phukan, Assistant Professor, Dept of Economics, Digboi College delivered a talk on "Environment and Sustainable Development" addressing the Graduate level students of Economics, Gargaon College. The resource person focused on the topics like interrelationships between Economy and Environment, Sustainable Development, global environmental problems, environment policies in India, population and environmental issues etc. It was discussed that the environmental policies are less stringent in underdeveloped countries due to the lack of awareness. At high level of economic development, the population density experience a slowdown and the environmental quality improves. The participant students were benefited from the discussion and the programme ended with a lively interactive session between the participants and the resource person.
