The Annual Report Published from Digboi College

PRINCIPAL MESSAGE

This year has brought two good news for us. To start with, three science departments - Botany, Chemistry and Physics achieved national recognition under the STAR College Scheme of Department of Biotechnology (DBT), Ministry of Science & Technology, New Delhi. This DBT STAR college scheme has been a tremendous boost for the institution in achieving the goal of imparting quality education along with sensitization towards importance and scope of basic sciences. In the second place, our college has been nationally ranked in a respectful position among the best 200 colleges of India for the year 2017 by Ministry of Human Resource Development, Government of India through its National Institutional Ranking Framework. In order to generate skilled youth along with cent percent guarantee of employability we are introducing one year diploma course on "Computer Hardware and Networking Maintenance" under UGC Community College Scheme from this academic session. As a component of Equity initiative of MHRD, Govt. of India under the guidance cum funding of Rastriya Uccharat Siksha Abhiyan (RUSA), Assam we have started the Finishing School scheme from this academic session to provide training to our passed out and final year student for encouraging and motivating them to have a higher platform in their career. We always strive for an all-round development of our students by helping them to explore their potential and make the best use of the opportunities in academics, sports, cultural and other extra-curricular activities. I congratulate both the students and teachers for their achievements and offer best wishes for their success in every step of life.

Dr Dip Saikia

Principal, Digboi College

EDITORIAL

Digboi College, a premier institution of higher education affiliated to Dibrugarh University, Assam has come a long way in imparting education in the undergraduate level in Arts, Science and Commerce streams. Its consistent quality performance in both academic and co-curricular activities, makes it possible to achieve craved recognitions in diverse fields. While imparting formal education, the college has also the aim of creating employable skill along with inculcating the values in students. Whether a student is a passionate ecologist, a cultural enthusiast, a creative artist or a social reformer, the college provides the ambience and opportunity to know his/her inner-self.

This issue of Digboi College Newsletter encompasses an array of activities undertaken and the achievements recorded by the college during the year 2017.
