# FEEDBACK ON THE SYLLABUS AND ITS TRANSACTION AT THE INSTITTUTION 

Feedback is valuable information that can be used to make important decisions in the educational setup. The feedback mechanism is helpful for the educational institutions to improve the quality in terms of curriculum and teaching learning process. Feedback helps students, parents, employers, alumni and teachers to identify areas of strength and weakness, track progress and make adjustments to improve the syllabus, transaction of syllabus and learning outcomes. The educational institutions can be benefitted from feedback in a number of ways.

Keeping this in mind, Digboi College has a mechanism to obtain feedback from the stakeholders from time to time. The feedback obtained and analysis thereof in connection with the syllabus and its transaction, are presented under the following headings -

1) Feedback from students
2) Feedback from teachers
3) Feedback from employers and
4) Feedback from alumni.

## 1) FEEDBACK FROM STUDENTS

Students are the most important stakeholder of an institution and that is why; their viewpoints and opinions always weigh a great importance in the overall development of the institution. Keeping in view the significance of students' role the college has initiated for taking structured feedback from them related to curriculum and its transaction. The institution shared feedback forms through SURVEY HEART (https://surveyheart.com/app?u=0\#responses) and obtained the responses from a total of 535 students. The feedback form consists of a total of 12 statements/items relating to curriculum and its delivery which were followed by a series of four answer statements. Respondents choose the option that best corresponds with how they feel about the statement. This feedback form is five point Likert type scale. This scale which assumes that the strength or intensity of an attitude is on a continuum from Excellent, Good, Average, Below Average and Poor. Thus, this feedback form resembles to the Likert scale in a five point scale which is used to allow a respondents to express how much they agree or disagree with a particular statement.

A total of 535 students have responded to the survey. The diversity of the respondents depicts that $45.61 \%$ (244) respondents belongs to Arts stream, $34.77 \%$ (186) Science stream, $19.07 \%$ (102) Commerce stream and $0.56 \%$ (3) belongs to M.Sc. in Life Science. Diversity of the respondents can be presented as follows in Figure 1.1.

Figure 1.1: Diversity of the respondents

The feedback form consists of a total of 12 statements/itemswith regard to curriculum and its delivery system. Statement/item wise analysis of the responses obtained from the students are presented as follows -
a) Need based curriculum and syllabus: With regard to the issue whether the curriculum and syllabus is need based, the obtained responses depict that out of the total 535 respondent students, majority of the respondents i.e. $58.50 \%$ ( 313 nos.) has perceived it to be good. The details of the responses are presented in Table 1.1 and Figure 1.2.

Table 1.1: Need based curriculum and syllabus
(Figures in the bracket indicates number of respondents)

| Sl. No. | Response | \% of respondents |
| :---: | :--- | ---: |
| $\mathbf{1}$ | Excellent | $25.05 \%(134)$ |
| $\mathbf{2}$ | Good | $58.50 \%(313)$ |
| $\mathbf{3}$ | Average | $14.58 \%(78)$ |
| $\mathbf{4}$ | Below Average | $1.31 \%(70)$ |
| $\mathbf{5}$ | Poor | $0.56 \%(3)$ |

4. Need based Curriculum and Syllabus

Responses 535

Excellent Good Average Below average Poor

Figure 1.2: Need based curriculum and syllabus
b) The sequences of the units provided in the course: With regard to the issue whether the sequences of the units provided in the course are proper, the obtained responses depict that out of the total 535 respondent students; majority of the respondents i.e. $60.19 \%$ ( 322 nos.) has perceived it to be good. The details of the responses are presented in Table 1.2 and Figure 1.3.

Table 1.2: Sequences of the units provided in the course
(Figures in the bracket indicates number of respondents)

| Sl. No. | Response | \% of respondents |
| :---: | :--- | ---: |
| $\mathbf{1}$ | Excellent | $22.99 \%(123)$ |
| $\mathbf{2}$ | Good | $60.19 \%(322)$ |
| $\mathbf{3}$ | Average | $15.14 \%(81)$ |
| $\mathbf{4}$ | Below Average | $0.93 \%(5)$ |
| $\mathbf{5}$ | Poor | $0.75 \%(4)$ |

5. The sequences of the units provided in the course

Responses 535

Excellent Good Average Below average Poor
c) Clarity of course outcomes: With regard to the issue of clarity of the course outcomes, the obtained responses depict that out of the total 535 respondent students; majority of the respondents i.e. $54.58 \%$ (292 nos.) has perceived it to be good. The details of the responses are presented in Table 1.3 and Figure 1.4.

Table 1.3: Clarity of course outcomes
(Figures in the bracket indicates number of respondents)

| Sl. No. | Response | \% of respondents |
| :---: | :--- | ---: |
| $\mathbf{1}$ | Excellent | $21.12 \%(113)$ |
| $\mathbf{2}$ | Good | $54.58 \%(292)$ |
| $\mathbf{3}$ | Average | $20.93 \%(112)$ |
| $\mathbf{4}$ | Below Average | $2.06 \%(11)$ |
| $\mathbf{5}$ | Poor | $1.31 \%(7)$ |

6. Clarity of course outcomes

Responses 535

d) Adequacy of text books, reference books or digital resources relating to the syllabus: With regard to the issue of adequacy of text books, reference books or digital resources relating to the syllabus, the obtained responses depict that out of the total 535 respondent students; a large section of the respondents i.e. $46.54 \%$ ( 249 nos.) has perceived it to be good. The details of the responses are presented in Table 1.4 and Figure 1.5.

Table 1.4: Adequacy of text books, reference books or digital resources relating to the syllabus
(Figures in the bracket indicates number of respondents)

| Sl. No. | Response | \% of respondents |

## 2) FEEDBACK FROM TEACHERS

Teachers are the most important stakeholder of an institution and that is why; their viewpoints and opinions always weigh a great importance in the overall development of the institution. Keeping in view the significance of teachers' role the college has initiated for taking structured feedback from them related to curriculum and its transaction. The institution shared feedback forms through SURVEY HEART (https://surveyheart.com/app?u=0\#responses) and obtained the responses from a total of 39 teachers. The feedback form consists of a total of 8 statements/items relating to curriculum and its delivery which were followed by a series of four answer statements. Respondents choose the option that best corresponds with how they feel about the statement. This feedback form is five point Likert type scale. This scale which assumes that the strength or intensity of an attitude is on a continuum from Strongly Agree, Agree, Neither Agree nor Disagree, Disagree and Strongly Disagree. Thus, this feedback form resembles to the Likert scale in a five point scale which is used to allow a respondents to express how much they agree or disagree with a particular statement.

A total of 39 teachers have responded to the survey. The diversity of the respondents depicts that $25.64 \%$ respondents belongs to Associate professor and $74.36 \%$ belongs to Assistant professor Category. Diversity of the respondents can be presented in Figure 2.1 -

Figure 2.1: Diversity of respondents
The feedback form consists of a total of 8 statements/itemswith regard to curriculum and its delivery system. Statement/item wise analysis of the responses obtained from the students are presented as follows -

1) The curriculum has relevance to the practical lives of the students: With regard to the issue of relevance of the curriculum to the practical lives of the students, the obtained responses depict that out of the total respondent teachers; a large section of the respondents i.e. $69.23 \%$ has agreed. The details of the responses are presented in Table 2.1 and Figure 2.2.

## 3) FEEDBACK FROM EMPLOYER

Employer is the most important stakeholder and that is why; their viewpoints and opinions always weigh a great importance in the overall development of the institution. Keeping in view the significance of employer's role, the college has initiated for taking structured feedback from them related to curriculum and its transaction. The institution shared feedback forms through SURVEY HEART (https://surveyheart.com/app?u=0\#responses) and obtained the responses from 1 employer. The feedback form consists of a total of 7 statements/items relating to curriculum and its delivery which were followed by a series of four answer statements. Respondents choose the option that best corresponds with how they feel about the statement. This feedback form is five point Likert type scale. This scale assumes that the strength or intensity of an attitude falls on a continuum.

Thus, this feedback form resembles to the Likert scale in a five point scale which is used to allow a respondents to express how much they satisfied or dissatisfied with the curriculum and its transaction. The feedback form consists of a total of 7 statements/items with regard to curriculum and its delivery system. Statement/item wise analysis of the responses obtained from the employer is presented as follows -

## 4) FEEDBACK FROM ALUMNI

Alumni are the most important stakeholder and that is why; their viewpoints and opinions always weigh a great importance in the overall development of the institution. Keeping in view the significance of alumni's role, the college has initiated for taking structured feedback from them related to curriculum and its transaction. The institution shared feedback forms through SURVEY HEART (https://surveyheart.com/app?u=0\#responses) and obtained the responses from a total of 117 alumni. The feedback form consists of a total of 6 statements/items relating to curriculum and its delivery which were followed by a series of four answer statements. Respondents choose the option that best corresponds with how they feel about the statement. This feedback form is five point Likert type scale. This scale assumes that the strength or intensity of an attitude falls on a continuum.

Thus, this feedback form resembles to the Likert scale in a five point scale which is used to allow a respondents to express how much they satisfied or dissatisfied with the curriculum and its transaction. A total of 117 alumni have responded to the survey. The feedback form consists of a total of 6 statements/items with regard to curriculum and its delivery system. Statement/item wise analysis of the responses obtained from the alumni are presented as follows -

1) The curriculum is appropriate to enhance the employment opportunities: With regard to the issue of appropriateness of the curriculum to enhance the employment opportunities, the obtained responses depict that out of the total respondent alumnus; a large section of the respondents i.e. $59.83 \%$ has agreed. The details of the responses are presented in Table 4.1 and Figure 4.1.

Table 4.1: Appropriateness of the curriculum to enhance the employment opportunities

| Sl. No. | Response | \% of respondents |
| :---: | :--- | ---: |
| $\mathbf{1}$ | Strongly Agree | $23.08 \%$ |
| $\mathbf{2}$ | Agree | $59.83 \%$ |
| $\mathbf{3}$ | Nether Agree nor Disagree | $15.38 \%$ |
| $\mathbf{4}$ | Disagree | $01.71 \%$ |
| $\mathbf{5}$ | Strongly Disagree | 00 |
